

## **Sport and Specialty**

9169 Forest Preserve Road  
Durand, IL 61024

(815) 629-2717    [www.sportandspecialty.com](http://www.sportandspecialty.com)

### **Sport and Specialty Intern / Apprentice**

#### Job Description:

Clearly communicate with, and take direction from, the shop foreman and work area managers as assigned.

Clean up and prepare mechanical parts and assemblies for restoration.

Perform light mechanical duties; oil changes, plug changes, lubrications, etc.

Detail cars for customer delivery.

Monitor and maintain shop equipment and supplies.

#### Actively assist with:

Auto body disassembly, cataloguing, and storage.

Body fabrication and restoration.

Body paint prep.

Basic mechanical assembly.

Engine disassembly and re-assembly.

Sorting nuts, bolts, and fasteners by type and use.

Electrical system wiring and component assembly and installation.

Installation and assembly of interior components and trim.

Keeping legible disassembly notes and photos for use during the various restoration processes.

Document and record time spent on daily assignments.

Communicate problems and issues found with management.

#### Qualifications:

Loves cars.

Above average mechanical aptitude.

Willingness to learn new ideas, skills and directions

Ability to solve problems individually.

Can follow written and verbal directions.

Enjoy the outcome of your work.

Work independently.

Work within a team.

Can listen.

Wants to succeed in the automotive restoration industry.

This is a paid position.
