

The Creative Workshop is a world-class classic car restoration shop that performs award winning restorations and customizations as well as service, repair and support on all makes and models of foreign and domestic classic, exotic, specialty and antique cars, trucks and race cars.

Our shop is located in Florida - 10 minutes south of downtown Fort Lauderdale, 25 minutes north of Miami and about 1 mile from some of the most beautiful beaches in the world.

We continue to grow and need good people - skilled technicians and craftsmen - to join our team!

### **Classic Car Restoration: Specialist, Bodyman, Combo Technician**

#### **We currently have two positions available:**

- 1) An experienced bodyman, combo technician: We are looking for an individual that has strong experience in surface work, high build blocking, panel straightening, panel fit, body alignment, painting, color sanding and buffing high end finishes. Metal (both steel and Aluminum) repair and fabrication skills are a big plus.
- 2) A junior tech that has experience in different aspects of working with cars – that we can train in bodywork and general car restoration techniques. If you are truly passionate about cars, this is an opportunity to work at one of the top classic car restoration shops in the country - and to learn from the best.

As you know, when restoring/building/customizing cars – many disciplines are needed: mechanical, fabrication, bodywork, paint, assembly, trimwork, electrical, etc. If your background/experience doesn't fit perfectly into one of the above job openings, but you are great at working with cars, and have been looking for a shop that appreciates and rewards these skills, please contact us immediately - you may make a good fit here – and we want to hear from you!

We are looking for individuals that love cars and love what they do. We hire for the long term, and want career minded individuals that will grow with us.

Out of state/relocation more than welcome. Out of country: must have a valid work Visa to apply.

Experience dictates highly competitive salary. Appropriate relocation expenses covered. We offer health benefits and an incredible working environment.
