

Leydon Restorations, LLC

PO Box 127, Lahaska, PA 18931, USA

Automotive Restoration Internship

Established automotive restoration shop with a focus on the mechanical restoration of high-end European marques is offering an internship opportunity to a motivated student with a passion for vintage automobiles.

Ideal candidate would possess the following:

- Basic mechanical aptitude.
- Strong desire to learn.
- Ability to work under the direction of others.
- Planning and documentation skills.
- Cleanliness and extreme attention to detail.
- Ability to complete a clearly defined task with minimal supervision.

Additional beneficial skills include:

- Photography.
- Web design, social media, or marketing experience.
- Research and cataloging research materials.

Job responsibilities will include:

- Assisting senior technicians with daily tasks.
- Cleaning, organizing, and evaluating components.
- Developing an understanding of cleaning and finishing processes.
- Written and photographic documentation of the restoration process.

Located in a beautiful and historic farm setting in Bucks County, Pennsylvania, our shop is a small, well equipped, team oriented workplace with a friendly, low stress atmosphere. We have a forty year history of performing uncompromising work on some of the most challenging projects from around the world.
