

Automotive Restoration Students! Networking SHOP HOP with MiRPA 2018

RPM Foundation invites you to share this unique opportunity presented by the Midwest Racing Preservation Association (MiRPA), who will be hosting two shop tours in conjunction with their 9th Annual Winter Banquet—where they will be inducting three-time Indy 500 winner Johnny Rutherford to their “Monza Wall of Fame.”

You will have a rare opportunity to meet shop owners, racers, and automotive enthusiasts all who share a passion for the past, present and future of motorsports and the collector car market. There will also be some special racing machinery for your viewing pleasure.

This will be a chance to visit shops locally. You will learn about the industry, see what will be the future in “vintage” racing and consider the possibilities of your transferrable skills.

SATURDAY, FEBRUARY 3rd

— STOP ONE —

About MiRPA

MiRPA, the Midwest Racing Preservation Association was formed in 2009 as the Meadowdale International Raceways Preservation Association. Meadowdale, a 3.27-mile road course in the northwest suburbs of Chicago, operated from

1958 thru 1969. It was home to sports car, motorcycle, snowmobile, bicycle and go-kart racing. It is now a “ghost track” where you can bike or walk on the footprint of motorsports history.

In 2016, MiRPA began to transition from its origins to this new identity. The change was precipitated by the recognition that Meadowdale’s heritage is deeply entwined with past and present racers and venues throughout the Midwest. MiRPA hosts shop tours, road rallies, conversations with historians and a monthly coffee and cars gathering all to help keep the racing spirit alive. Each year MiRPA inducts to their “Monza Wall of Fame” a representative of the Motorsports community who has shared an undeniable passion for speed and excellence.

MiRPA is committed to promoting and preserving the history of all Midwest Motorsports through its 501(c)(3) not-for-profit all volunteer organization. www.mirpa.org

In 2017, RPM went shop hopping with MiRPA and RPM Ambassador Lyn St. James

About RPM FOUNDATION

The RPM Foundation supports restoration and preservation training programs for the next generation of automotive, motorcycle and marine craftsmen. As the educational arm of America's Automotive Trust, the services, resources and grants provided by the RPM Foundation safeguard the future of the collector vehicle industry by sustaining hands-on training for young adults.
