Position: Classic Jaguar Car Mechanic

Description of Duties: Highly respected, Scottsdale, Arizona repair and restoration shop seeking a full-time experienced Jaguar classic car mechanic. Jaguar/British car experience is required. Individual would be working on classic British automobiles, primarily Jaguar but also Aston Martin, Rolls Royce and Bentley dating from early 1900's through 1970. The individual must be detail oriented, organized, possess a positive attitude, be able to take direction and be able to multi-task. The individual would be performing repairs such as basic services, rally preparation, major services including engine and/or transmission replacement, rebuilding final drives, installation of after-market air conditioning systems and electric power steering installations. The individual should be able to work independently to diagnose and manage several jobs including estimating work for both parts and labor. We offer a generous pay and benefits package including paid vacation, retirement plan, health and dental benefits. We currently employ 2 other vintage mechanics and are looking to add to our team. Please send resume and salary requirements.

Shop Information: British Automotive Repair was founded in 2007 and is a full service repair facility specializing in Aston Martin, Bentley, Rolls Royce and Jaguar, Ferrari and Maserati. We are a unique establishment that prides itself on our high quality and dedication to both the heritage of the British/European automobile and to our clients. British Automotive Repair is very involved in the car community both within Arizona and across America. We participate in the Copperstate 1000 Road Rally, Going to the Sun Rally and several local and national Jaguar clubs.

Tired of winter? Come to the "Most liveable city" – Scottsdale, Arizona. Please send resume and salary requirements to Debbie@Britishautoaz.com.
