TACOMA, Wash. (Dec. 26, 2018) – America's Automotive Trust (AAT) and the North American International Auto Show (NAIAS) announced Houston as the start of "The Drive Home IV" – a 10-day, 2,750 -mile vintage vehicle trek to Detroit from Jan. 3-12.

In its fourth year, The Drive Home (TDH IV) is an annual road rally celebrating America's motoring legacy across the U.S. in the days leading up to the world's premier international auto show, NAIAS. This year's 2,750 mile journey marks the longest run since the rally began and the first to feature exclusively vintage American trucks.

"Every year, we look forward to taking the collector vehicles on a trip back to the spiritual home for the American automobile – Detroit," said AAT Vice Chairman David Madeira. "This year, we thought that bringing out vintage trucks and hosting enthusiast gatherings along the route would be a great way to once again share America's love for vintage vehicles with people across the country."

TDH IV participating trucks include:
- LeMay – America's Car Museum – 1955 Chevrolet 3600
- RPM Foundation – 1965 Ford F100
- Hagerty & Club Auto – 1962 International Travelette
- The NB Center for American Automotive Heritage & Concours Club – 1957 Ford Ranchero

"The Drive Home Series has held a special resonance for car and truck collectors worldwide since the first cross-country road trip in 2015," says NAIAS Executive Director Rod Alberts. "We're honored to see the nostalgia and pride this rally has inspired across the U.S. and we're looking forward to welcoming the vintage trucks home to the Motor City for the North American International Auto Show."
