THE CONCOURS EXPERIENCE

RPM takes automotive students into the field to meet their future customers and see how they use their collector cars. With the Keels & Wheels Concours, RPM is introducing students to the showing side of collecting and using classic cars and boats.

RPM also has programs that introduce and immerse automotive students in racing (Historics at Road America), touring (The Great Race, The Copperstate 1000) and buying & selling (Mecum, Gooding & Co., RM/Sotheby's, Barrett-Jackson).
