

# OFF TO THE RACES WITH RPM – CIRCUIT OF THE AMERICAS

A Program for High School & College Automotive Restoration & Preservation Students!

Join world class Indy Racer Lyn St. James and RPM Foundation at Circuit Of The Americas (COTA) located in the live music capital of the world, Austin, Texas during the SVRA (Sportscar Vintage Racing Association) Vintage Racing National Championships. This is a rare opportunity designed to engage YOU – automotive restoration & preservation students, your teachers and parents – in the vintage racing world.

**Off to the Races** includes: a program orientation by SVRA President Tony Parella, shop talks with racing teams, and guided tours through the paddock where 300+ vintage race cars are kept and maintained. It all begins at Tech Inspection – then walk with us through the pits and garages to learn what it takes to be part of a race crew. Go behind-the-scenes to meet the mechanics, racers, car owners and vintage racing professionals who make it all happen! You will watch these pieces of history roar across the finish line and see their owners receive their awards.

No need to pack a lunch – complimentary food and beverages will be served throughout the day. This will be a great networking opportunity as you are immersed in a full day of at-the-track activity. From vintage motorcycle races, guest speakers, Trans Am Race and practice...under-the-hood was never so good!

**Join Us! One of the best vintage racing events in the nation awaits you!**

**Date:** Saturday, November 3, 2018

**Time:** 8am – 5pm

**Location:** 9201 Circuit of the Americas Blvd, Austin, TX 78617

**Track Passes/Tickets:** \$20\* for Saturday only, \$35 for the weekend

\* The first 30 students who register receive a complimentary pass for Saturday.

Any student registering after that splits the ticket cost with RPM (\$10 per student).

Teachers/parents pay full price at \$20 per person. Tickets available through RPM.

## About RPM's Off to the Races

We created **Off to the Races** to take automotive students out in the field to meet their future restoration customers and see how they use their collector cars. These programs are as much about information-sharing as they are about networking with business owners, collectors and mentors. These job-fairs-on-wheels are fantastic opportunities to share passions, interests and skills with racers, pit crews, master craftsmen and artisans.

## About SVRA

"Some People Collect Art...We Race It" describes the SVRA philosophy that encourages the restoration, preservation and racing of historically significant automobiles that are configured as close as possible to their original design and construction. SVRA is the largest vintage racing organization in the United States with over 2,500 licensed competitors.
