SCOTTSDALE, AZ  
THE WORLD'S GREATEST COLLECTOR CAR AUCTIONS!

## BEHIND THE SCENES AT BARRETT-JACKSON – SCOTTSDALE VIP PROGRAM A Program for High School & College Automotive Restoration & Preservation Students!

Thinking about a career in automotive or motorcycle restoration & preservation? You'll see it all here – every conceivable job that makes an auction festival “happen”!

Join us at one of the most spectacular car events on the planet! **Barrett-Jackson** is offering an incredible showing of hundreds of classic and late-model **Chevrolet Camaros** from every generation since the American muscle car first rolled in to dealerships over 50 years ago. The Camaros will be part of Barrett-Jackson's **48th Annual Scottsdale Auction**, a week-long “festival”, at WestWorld of Scottsdale. Also, some of the world's most **desirable collectible trucks, SUVs and off-road vehicles** will muscle their way across the block, including a procession of truck-based collector vehicles from the 1930s to the latest models rolling off the production lines.

RPM students will receive **complimentary passes** to Saturday's auction – always the liveliest auction day of the week, if not the year! Leading us through the “car stars” will be **Andy Reid**, a certified sports car fanatic who travels the world to see what's crossing the auction blocks. Joining us along-the-way will be **Chris Runge** of Rünge Cars – creating new-old cars using old-world tools and craftsmanship.

Maybe you'll discover your dream job while experiencing the excitement, energy and fast-pace of a collector car auction!

### About RPM's Behind the Scenes

We created **Behind the Scenes** to take automotive students out in the field to meet their future restoration customers and see how they use their collector cars. These programs are as much about information-sharing as they are about networking with business owners, collectors and mentors. These job-fairs-on-wheels are fantastic opportunities to share passions, interests and skills with collectors. Become a part of RPM's network!
